

Eco-Poverty and Plastic Waste

Eco-Poverty and
Plastic Waste

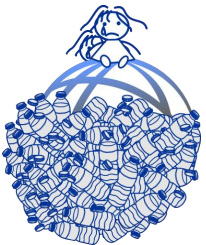

closing remarks

plastic waste: vicious or virtuous circle?

Doesn't matter

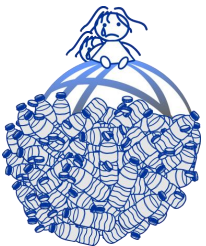

we are in the circle

global pollution, unfair distribution

inequality the dark side of eco-poverty

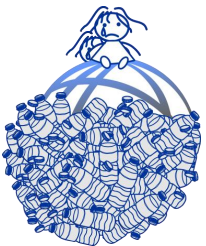

probably green, surely not fair

great brilliant ideas and players

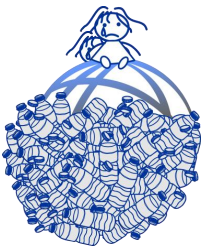

little coordination

circular economy, non-circular relationships

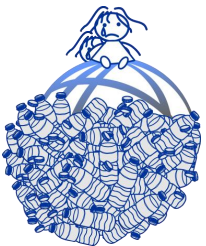

technical training for circular economy increasing
social training missing

building up education + training

technical training for circular economy increasing
social training missing

[education + training] eco-system

4 keywords to take away

knowledge

engagement

coordination

accountability
