

Hello friends,

We are Andrea, Angela, Martina, Riccardo, Mario and Daniele.

We are from Scalea. We are 12 years old and we are in class 2D.

In our classroom, on the walls there are pictures made by us, a map and a noticeboard where we express on pieces of paper our worries about tests.

We laugh when we read again those messages because in many cases we don't have the vote we expected but a higher one.

In our week there are 13 subjects; this is our time table

Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
Music	French	History	Technology	Maths	English
Italian	English	Maths	Maths	Italian	Technology
Religion	Maths	Maths	History	Italian	Music
Maths	Italian	Art	History	English	Italian
P.E.	History	Art	French	P.E.	Geography

We have 9 teachers.

Our English teacher is a very kind woman. She's always happy and funny, so when we have English lessons we are very happy too.

Our Italian teacher is a sociable woman.

She teaches us also Geography and History and she has taught us a lot about your country.

Our Maths teacher is a serious but nice man. He teaches also Science.

Our French teacher is also very nice. We like French, but we prefer English.

Our R.E. teacher is very smart and fashionable. Her favourite sentence is: "This is not toilet's hour" she always writes it on the board. During her lessons we study world religions. We have started some lessons about Don Bosco and his religious order: the Salesians.

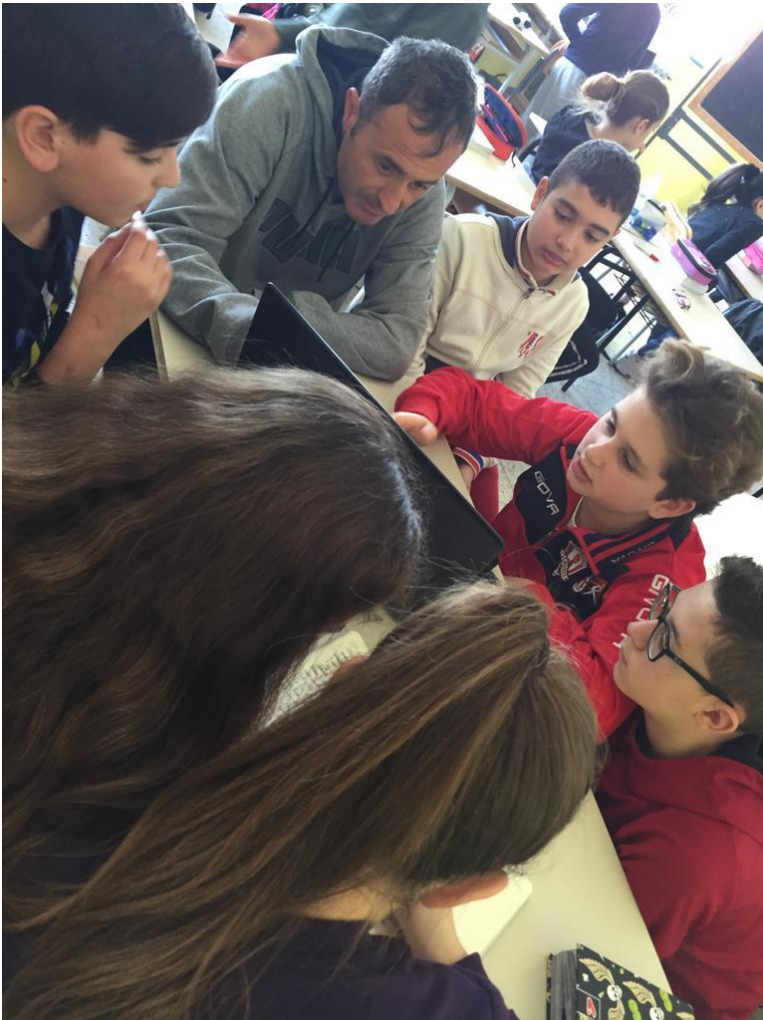

Our Art teacher is a colorful woman. She always wears colorful clothes and make up. We really like Art.

Our Technology prof is a very clever man. He knows everything of technology.

Our P.E. teacher is a funny man. He always smiles and we enjoy a lot his lessons.

Our Music teacher is a smart woman. She always wears hats so we call her “Mrs Hatter”.

In our class there is also Mr.Angelo Forestieri. He is a tutor for Daniele and for....everyone.

We also have music lessons in the afternoon. We play the guitar with Mr P.Perrone, the flute with Mr V. Borrello, the piano with Ms Giusy Bartolo or the trumpet with Mr A. Pisano

During the school year we do some competitions with the school orchestra.

We also have Christmas and final concerts, it's fantastic!

We love music especially because we share this passion.

Bye for now

Your Italian friends
